About Me

Enthusiastic and dedicated fresher web developer with a strong passion for crafting innovative and user-friendly websites. Eager to leverage my solid foundation in web development technologies and my ability to quickly adapt to new frameworks and languages. Committed to delivering high-quality code, optimizing website performance, and collaborating effectively with cross-functional teams to bring digital ideas to life.

Experience

- Worked as a Full-Stack-Developer on Project Teaching Institutions based Dynamic Website with all basic features and with Database .
- Utilized online resources and tutorials to deepen my understanding of web development concepts, including version control with Git and responsive web design principles.
- Engaged in online coding communities and forums, participating in code reviews and seeking feedback to continuously improve my coding practices.
- Developed a responsive and interactive Portfolio application using React(Next.JS) Framework, with using some libraries like - Framer Motion, demonstrating my ability to build user-friendly interfaces and manage state.
- Created responsive and visually appealing websites using HTML, CSS, and JavaScript.
- Also learning Frameworks/libraries like - React(Next.JS), Express.JS, Tailwind CSS, Framer-Motion and continuously improving my skills on them.
- Continuously learned and experimented with new techniques to improve coding skills and design aesthetics.

Key Projects:

1. Portfolio Website

Designed and built a personal portfolio website showcasing projects, skills, and resume details. With React(Next.Js), Framer-Motion and with best CSS Effects and Animations.

2. Teaching Institutions Based Dynamic Website

Developed a Institutions based website using HTML, CSS, JavaScript, Node.Js, Express.Js and Mongo DB.

3. Color Code Generator

Designed a Color code generator website using simple HTML, CSS, JavaScript which helps users to get a random Color with in built copy to clipboard functionality.

4. Count-Down Timer

Also Created a Web Application which performs a Timer or Reminder.
